## FOR IMMEDIATE RELEASE

### Closures on Topanga Canyon (SR-27) for Pavement Rehabilitation

**CHATSWORTH**– The California Department of Transportation (Caltrans) will close one lane on north-and southbound directions of Topanga Canyon (SR-27) between Devonshire Street and Ronald Reagan Freeway (SR-118) for a pavement rehabilitation project.

Closures will begin **July 23** and are estimated to continue for two weeks. Construction hours will be **Monday through Friday, from 10 p.m. to 6 a.m.** The schedule is weather-permitting and subject to change.

These closures are part of a \$22 million pavement rehabilitation project which began in April 2017. The project is located along SR-118 between the cities of Northridge, Porter Ranch, Granada Hills, and Pacoima. Once the project is completed in 2018 the new surface will provide a smoother drive for motorists. Construction signs will be in place to alert motorists of construction activities. Motorists should anticipate delays and use alternate routes. Caltrans reminds you to be **“Be Work Zone Alert.”**
